

Finally, An Easy Way for You to Lower Your IT Support Costs While Practically Eliminating Frustrating Computer Problems, Glitches, and Downtime

GTcentral's Managed IT Service is Designed to Lower Your IT Costs While Making Your Network Run Faster and With Fewer Problems

Thanks to this service, businesses can now get all of the computer network support they need for one low, fixed monthly rate without any surprises, hidden costs, or the expense of a full time IT staff! Just look at the benefits:

- **You'll eliminate expensive repairs and data recovery costs.** Our network monitoring and maintenance will allow us to see and prevent network problems before they turn into downtime and expensive repair bills.
- **You'll eliminate expensive trip fees while receiving faster support.** Our remote monitoring software will enable us to access and repair most network problems right from our offices. No more waiting around for a technician to show up!
- **How does faster performance, fewer glitches, and practically zero downtime sound to you?** Under this program, that is exactly what we'll deliver. Some parts of your system will degrade in performance over time, causing them to slow down, hang up, and crash. Under this plan we'll make sure your network receives the critical maintenance it needs for maximum speed, performance, and reliability.
- **You will sleep easier knowing that your network is being kept secure.** If you rely on your computer network for daily operations, it's time to get serious about protecting it from viruses, hackers, spyware. With this service we'll keep watch 24-7.
- **You'll finally put a stop to annoying spam, pop-ups, and spyware.**

For a Limited Time Get a FREE Network Audit (*\$297 Value – Absolutely Free*)

To introduce this service to local businesses, we're giving away free network audits. At no charge, a senior technician will come to your office to perform a thorough 27-point network audit to look for security loopholes, hidden viruses and spyware, and other lurking problems. Upon completion we'll give you a network report card showing where you are vulnerable to network problems and threats. We'll also demonstrate how we can make your network more secure, reliable, and problem free.

You are under NO obligation when you sign up for one of these free audits **but you have to hurry**. Staff and time limitations will only allow us to perform 5 free audits each month.
